Gil, son of Gilberto and Margarita Ruiz, experienced the "American Way" as an exchange student at the Dale Brandt farm. As a typical teenager, he plays soccer, swims and rides horses, motorcycles and cars in his extra time. However, Computers I, Agriculture, Algebra II, Natural Resources, Art, American History and English 10 fill most of the day at Garny High. As a foreigner, he is enjoying his stay because "The American people have a great personality and are more hospitable and courteous. The advanced technology here is also very exciting."

Garnavillo won 17 ballgames for the second year in a row. The highlight of the season for the kids was winning both games of a double header with #1 ranked Kee High. Although the final score was not indicative, we played a good game against Urbana and one of the finest pitchers in the state of Iowa which resulted in our being ousted from the District tournaments. We were a good defensive team and pitched well for the most part. Offensively we were exciting as our team batting average was .295.

Cross Country Fall '86

The '86 Cross Country team consisted of 3 sophomores, 4 freshmen, and a senior exchange student from Nicaragua. Being so young we participated only in the J.V. races at our meets. Every runner showed potential at one time or another, but we never put together our best efforts for 1 meet.

Erikk Peterson was our most consistent and hardest working athlete, in placing very well at all of our meets! Everybody worked hard and if they continue to do so we will have a fine Cross Country team in the fall of '87!

SLIPPERY
WHEN WET

State Tourney slips through their gloves

The 1986 Gary Hawks provided an exciting summer for the fans and community. A 24-game winning streak and five invitational tournament championships together with going undefeated at the C.R. Jefferson Classic were all firsts for a Hawk team. And who could ever imagine playing 31 innings against Waterloo West to set a national record? It was quite a summer and yet a state tourney berth still eluded us. When this team develops an undeniable "killer instinct," that goal also will become reality. These girls deserve many congratulations on a "super" and almost a "dream" season.

The 1986 fall softball season was one of accomplishment and disappointment. Championships in the Gary and Oelwein Invitationals and a 12 game winning streak highlighted the season, while a season ending loss in the first round of the regional was a bitter disappointment. We had some fine individual performances but lacked the total team effort and intensity necessary to advance in post-season play. The future remains bright, however, and with additional experience and maturity this team can develop into one of the state's best.

The 1986-87 girls' basketball season was one of the most satisfying ones that I have ever had as a coach. This team won the Garnavillo Tournament, was the conference champion for the second year in a row, won the sectional and regional championships to advance to the state tournament, and won a thrilling game in the first round of state competition. In spite of all these accomplishments, I think the most important reason I liked this team so well is that they played well in every game they appeared. I cannot think of any team I have been associated with that played so well all the time.

I think some of the reasons for this great success was due to a very talented group of athletes who have been raised in some very good homes by some excellent parents. These fine young ladies brought much pride to their parents, the school and the community, but few people realize how proud they were of themselves and deservedly so.

The 1986-87 Boys' Basketball season was one of improvement and learning. While returning no starters the team proved that they had talent and ability to play with the tougher, more talented teams. Daniel "Turbo" Berns showed that he could score and averaged better than 18 points per game. Andy Scherf continued to dazzle the opponent as he led the team in steals. David "Ozzie" Meyer improved and added an additional scorer. Todd Seifert, only six feet tall, led the team in rebounding and usually had to guard the opponent's tallest player. Erik Peterson rounded out the usual starting five leading the team in assists.

James Rodenberg, Mark Siebrecht, Mike Nemechek, Kirby Kuehl, Kurt Wendel, Troy Kruse, and Aaron Siebrecht all played considerably with James and Kirby starting some games through the year. Losing only Daniel Berns, Andy Scherf, Todd Seifert, and David Meyer, the experience that the younger players picked up should help the Varsity squad of 1987-88 to improve on a 6 win 15 loss season.

Daniel P. "Turbo" Berns

1) James Rodenberg drives around his man toward the hoop. 2) Daniel "Turbo" Berns does his Michael Jordan imitation as he scores another basket. 3) Andy Scherf shoots the layup while the Central man tries to defend him. 4) Todd "Fritz" Seifert shoots over the opponents.
